

*Project Clarification Statement*

NATUREAMO HABITATS is a special project initiated by GRACE SOCIETY a Benevolent Organisation of Noble Beings with Pure Hearts devoted to the Goodwill of Humanitarian and Environmental Projects that Create a **New Earth Paradigm of Peace and Prosperity.**

WRITTEN AND APPROVED BY:

*Russell Paul Arthur*

Overseer for GRACE SOCIETY.

Grace Society does formerly announce our Goodwill and Intent to create NATUREAMO HABITATS.

We are utilising our creative imagination, ingenuity, architectural and engineering excellence to design and build gorgeous communities of magnificent beauty, artistry, and symmetry, that expresses the highest standards of living and exalts the way of Life for those who choose to thrive in our habitats.

NATUREAMO HABITATS are self-sufficient communities that self-govern and self-generate in a thriving ecosystem and economy. They are communities that thrive in co-creativity and contribution for the greater each and the greater whole. Where each member of the community is responsible for the upkeep and integrity of the ideals and standards of each habitat.

Here are some of the main features of our new habitats.

### **NATUREAMO HABITATS with Harmonic homes**

Each habitat offers a variety of different styles of Avantgarde Homes for individual tastes and requirements. Each home is built to harmonise with the Earth's natural healing frequencies and cycles. With aerodynamic and thermodynamic properties that utilise space and energy effectively. With natural and refined materials of the best quality. Integrated with nonharmful technologies and appliances that facilitate the ease of Living. The aim is to create sanctuaries of peace, recreation and relaxation that promotes natural living.

### **NATUREAMO HABITATS include Permaculture Systems**

Each habitat is set within a landscape that adheres to the principles of Permaculture. These are landscapes of enriched soils, evergreen foliage, forests, wildlife, plants, and freshwater systems. Ecosystems that are designed to catch, store, and recycle the energies of solar, wind, and rain, and provide green energy solutions to homes. The ecosystems shall also provide a surplus of raw materials, free whole and fresh organic vegetables, fruits, and Herbs.

## **NATUREAMO HABITATS for Natural Living**

NATUREAMO HABITATS will be communities that celebrate great architecture and aesthetics. Like nothing seen before, they shall be picturesque settings of Renaissance Gardens, Waterfalls and Rockeries, Natural Stone and Grass Paths, Sociable Amphitheatres, Meadows of fragrant flowers. and everything else that is pleasing to the eyes and soothing to the soul.

Our communities integrate with the natural flows and rhythms of a landscape. Rather than overlaying the Earth with grid-style patterns, we instead follow the earth-style contours so that infrastructure, homes and pathways, stagger and wind and flow with the outline of a landscape. There are no roads, cars, buses, traffic, or pollution in our communities. The roads are left outside on the perimeters of each habitat. Personal vehicles are stored within underground car parks situated at the perimeters. Instead, we use advanced light-rail networks for transport, and cycling and walking is encouraged.

## **NATUREAMO HABITATS facilitate higher standards**

Goods and services will be of the highest calibre so members of the community can enjoy the best quality. The local economy will grow and thrive with cooperative relationships that gain from mutual benefit. Where the facilities of health care, universities, and recreational sports and fitness, will be widely available and free.

## **NATUREAMO HABITATS Digital Currency**

Each member of the community will get access to credit advances that facilitate value creation, and that supports income multiplication, capital preservation, value/asset protection, compounded wealth, and secured inheritance for all that participate. Where each Living Being has achieved financial freedom and wealth within their lifetimes.

The Grace Society hereby declare our revolutionary project NATUREAMO HABITATS will be communities that exemplify natural living standards. Where the Living Men, Women, and Youngsters will flourish in peace and prosperity.

To all of Noble Beings that have examined your own conscience and the innermost depths of your soul – if you feel a Heartfelt calling that resonates with our project we extend to you an open invitation to join the Grace Society and become part of a world-class solution.

This project is our Divine Mission and therefore it is done.

**With the Official Seal of Grace Society we do  
Sanction the Grace Media Project into Life.**
